

Family Access Forgot Password

From the Flour Bluff ISD homepage <https://flourbluffschoools.net/family-accessskyward/> you will find the Skyward link

Select Family Access

Family Access / Skyward

Flour Bluff ISD Skyward Family Access Center

Family / Student Access

The District offers the availability of a communication tool as part of the student software program, Skyward. It is a "parent portal" whereby parents can log in through the Internet and review information pertaining to their own child(ren).

The District provides appropriate security measures to protect the confidentiality of each student. Only the parents of the child will be allowed to review the information contained in the parent portal. The parent portal allows parents to see information such as student schedules, attendance information, and contacts designated by the parents, including names, phone numbers, etc. There is also an Options tab where parents can change their password. No student data can be changed by the parent through the portal.

For a parent to access the portal, they must:

- Be listed as a parent in the Skyward database
- Have an e-mail address for the primary contact on file in Skyward
- Electronically sign the acceptable use policy
