Express delivery available

If everyone used home delivery,

THE U.S. COULD SAVE \$96.3 BILLION each year⁴

¹National Consumer Survey of Adults with Prescription Drug Coverage published by the Pharmaceutical Care Management Association, 2010. "Maintenance medications" refer to drugs taken over a sustained period of time to treat chronic conditions.
²Iyengar RI, Henderson RR, Visaria J, Frazee SG. Dispensing Channel and Medication Adherence: Evidence Across Three Therapy Classes. Am J Manag Care. October 2013. Patients taking high blood cholesterol medications were 19% more adherent when receiving them through home delivery pharmacies.
³Average percentage savings figure based on analysis of actual January-March 2012 claims for clients with a retail pharmacy and mail pharmacy benefit, excluding Medicare clients and clients participating in mandatory mail programs; savings may vary.
