

What Do Your Children Do Online?

Cyber Safety

PARENT INFORMATIONAL MEETING

**Flour Bluff ISD in conjunction with
Homeland Security Investigations (HSI) Office**
presents
Special Agent W.H. Hardwick

Parent informational meeting about the current trends in child exploitation investigations and how to keep your child safe when online.

The Homeland Security Investigations (HSI) Cyber Safety Presentation presented by Special Agent Heath Hardwick was designed to be both informative and educational about the current trends in child sexual exploitation investigations. The presentation will define what child pornography is, as well as the state and federal statutes regarding the sentencing for violations of each law. SA Hardwick's compelling presentation will provide examples of the current problematic social media apps children are dealing with today. Real-life cases investigated by HSI will be detailed to warn the attendees what tactics predators have used to find, locate and meet with children. SA Hardwick will also provide information regarding predator awareness and red flags and early warnings that someone may be attempting to coerce or entice a child.

Cyber Safety Parent Informational Meeting

Thursday, May 13

6 - 7 p.m.

Flour Bluff Intermediate Cafeteria
