#	RESPONSES	DATE
1	Pay Increase to support staff ( custodians, maintenance, paras) I would have ranked that 2 or 3 on the list above.... Provide a Math Coach, ELA Coach, Science Coach.....so on. Extend tutorial time to have meaningful help time.	6/28/2021 3:28 PM
2	Better lunches for the kids should be number one!	6/28/2021 9:42 AM
3	Increase salaries of ALL staff.	6/28/2021 9:34 AM

6	Pay increase for teachers	6/27/2021 12:36 PM
7	Anything but Athletics.....	6/27/2021 12:06 PM
8	I cannot think of anything else. i worked with an ESL group in a grant-funded position helping students get back on track or just on track to learning. One of my students not only passed the test but was commended also.	6/27/2021 11:47 AM
9	Give the teachers a raise for all the hard work they have put in to continually change their teaching strategies and efforts for the needs of the students.	6/27/2021 11:39 AM
10	Pay raises for teachers.	6/27/2021 7:23 AM
11	None	6/27/2021 6:59 AM
12	Hire a maintenance director that is capable of his job. The current one in place has no clue.	6/27/2021 6:56 AM
13	No	6/27/2021 6:40 AM
14	Security cameras in all classrooms, hall's, cafeteria, gym, playground, sensors in all bathrooms.	6/26/2021 12:15 PM
15	Something special or fun for the kids. Especially since they missed out finishing a grade and didn't get "closure" plus the struggles they dealt with as kids and having to be home.	6/26/2021 11:25 AM
16	When did we become the welfare district. Our grand children will have to pay for this. The Democrats are just buying votes. Send the money back or give it to our teachers who were not properly compensated last year.	6/25/2021 8:19 PM
17	I love the idea of a weekly tutor offering. I know my child struggles in math and could really use extra time in a smaller group or one on one interactions. The idea of a positive social group or activities that engages the students to meet and talk with their peers in a social setting vs a classroom. So many kids lost that with virtual and a positive activity like that can bring these kids together and have them be nice to each other would be AMAZING especially at the Jr High	6/25/2021 3:34 PM
18	Access to art and music classes for all grade levels	6/25/2021 12:26 PM
19	Revision of school lunches for all students, primarily secondary students. Portions are not equivalent to their age and growth. Plus a lot of food goes to waste with current lunch selections. That is money wasted and kids going hungry.	6/25/2021 12:21 PM
20	Hire more teachers for the tutorials and teaching to help with in the class so those who are falling behind don't get left behind and waste days in class doing nothing while waiting on help because they are behind or not understanding. More teachers or teacher aids need to be there to assist!	6/25/2021 10:59 AM

56	Thank you for this input survey. We love our kids and want them to be successful and to love learning, and we know you do, too! My advice is this: Stay focused on education and avoid indoctrination. Parents don't want any "woke" social awareness ideologies in Flour Bluff schools, so carefully examine what materials are purchased and used with these monies. We want our kids to recognize ALL children have special gifts and abilities. The beautiful hue of their own skin and that of their classmates is a gift, and parents don't want their kids taught that it's ok to hate others because of how Almighty God created them. Let's teach students they have purpose in this world and it doesn't include hatred and divisive attitudes and behaviors which are taught by those in our country who want to punish the people of today for events of the past. I want to see these funds used to overcome unfinished learning challenges by adding more teachers, technology, and improving our facilities.	6/24/2021 5:33 PM
57	After school electives such as sewing, knitting, cooking, painting, photography, music, yoga, theater, etc. The kids need to learn life long hobbies instead of video games and television. Sports are fine, but other interests should be addressed.	6/24/2021 5:22 PM
58	scholarship programs	6/24/2021 5:14 PM
59	I think the teachers/staff should all be paid more. And keep that critical race theory OUT of this district.	6/24/2021 5:11 PM
60	Extra curricular programs. More Art programs for students. Art therapy.	6/24/2021 5:05 PM
61	Use your o provide additional opportunities for students to attend camps for PSAT, SAT, ACT and other college ready courses. Jr. high needs to provide those Algebra students who made low grades an opportunity to increase the grade or retake the course.	6/24/2021 5:04 PM
62	1)Providing monthly maintenance on all school buses, instead of having the buses constantly breaking-down enroute to & from schools. 2) Allotting compensation to parents that have school aged children & young adults that partook in virtual learning, especially the disabled students. 3)Providing additional sanitization and disinfecting of all classrooms & equipment to ensure the students are germ-free from any containments.	6/24/2021 5:04 PM

73	I think it would a good idea to include a virtual option for kids that connect yet get their vaccine 12 an under it will be after school starts that the vaccine for their ages will be available we have waited a year what's a view more moths to make sure our kids are safe	6/24/2021 4:33 PM
74	Students should have the option of having chromebooks at home during summer so they can continue learning and keep their skills strong for next fall. Funds should also go to tutoring and helping those with special needs not everyone has funds to pay for a tutor. Funds also need to go to teachers they are the ones teaching our future students and their salaries also need to be compensated they need higher salaries for the work they do during school and summer. Teachers are not babysitters they are educators teaching our children and they need to be recognized as such they need higher salaries they are underpaid for their work.	6/24/2021 4:32 PM
75	No	6/24/2021 4:30 PM
76	Social activities to increase moral of students and desire to attend school i.e. fields trips, special presentations, fun experiments, play days throughout the year. If you are going to keep dangling the "year round" carrot in front of us and not committing, more fun things intermittently scheduled for the students would be a nice change of pace during the monotonous school year.	6/24/2021 4:30 PM
77	No	6/24/2021 4:27 PM
78	Fun days for kids.	6/24/2021 4:26 PM
79	Parking, dedicated pick up lanes, another access point for buses to pick up and drop off that does not interfere with parent pick up and drop off, more cross walks with signs and signals, give teachers a raise	6/24/2021 4:26 PM
80	better technology for students	6/24/2021 4:25 PM
81	Remote learning for students its a great benefit for all the students who meet the requirements.	6/24/2021 4:24 PM
82	Free lunch	6/24/2021 4:24 PM
83	Provide pay raises for already established staff and proper training for staff that will be useful in the classroom and for instructional purposes.	6/24/2021 4:23 PM
84	Teacher retention-especially high need students who require the consistency	6/24/2021 4:23 PM
85	Life skills classes	6/24/2021 4:22 PM
86	Money towards paying the under paid teachers that have to deal with all this. These teachers are over worked and under paid and should have to teach online and in classroom activities. I would suggest if we do any online teaching. That there should be teachers that that is all that they do. Don't spread the teachers between online and in classroom teaching	6/24/2021 4:21 PM
87	Special Needs students will need a lot of extra help catching up, funds should be specifically set aside for those programs.	6/24/2021 4:20 PM
88	Teacher raises, all the surrounding areas are paid more than FBISD. It used to be that teachers never left even though they were paid less because everyone wanted to work here, and that is no longer the case. Since I started working here, turnover is incredibly high and positions for infilled. Flour Bluff needs to pay competitively.	6/24/2021 4:19 PM
