

Flour Bluff Independent School District
School Health Advisory Council
May 10, 2022

Joseph Reyes called the meeting to order, gave a welcome, and everyone introduced themselves.

In attendance were Linda Barganski, Joseph Reyes, Sandra Martinez, Amanda Rodriguez, Brandi Venable, Shana Fuller, Emma Herrenkohl, Savanna Bledsoe, Deanne Purcell, Yajaira Baker, Veronica Villarreal, Allison Brady, and Kristen LaBaume

New Business:

- Fitness Gram – Yajaira Baker told the committee data is being entered at this time for the Fitness Gram and will have the information in by Friday, May 13, to Dr. Barganski. Students did well this year. The student data is very similar to pre-COVID data.
- Cost Analysis of SEL Program – Dr. Linda Barganski handed out a sheet with the cost analysis of each program and how much it would cost each campus.
- COVID-19 Update – Misty Romo gave an update – there are very few COVID-19 cases in the district. Anyone can view our current COVID-19 numbers; campus and district numbers are located on the website. The website is updated daily.
- Health Beat – Kristen LaBaume spoke about updating protocols since our COVID-19 numbers are low. Kristen shared with the committee that our head nurse, Dawn Evans, is looking into information regarding vaping as it is trickling down from High School students to Jr. High and Intermediate students.

Old Business:

- Tyler Harrison, with Second Step, joined via Zoom. The committee asked for additional information. Tyler provided a quick overview. Second Step is a social-emotional (SEL) program. The program has lessons for teachers to use that require minimal preparation. A sample lesson was shown. There was discussion back and forth regarding content.
- LaTricia Gunnells, with Project Turnaround – The committee asked for additional information. Project Turnaround is a substance use/misuse prevention education program. It is a 10-week SEL curriculum. The curriculum is age-appropriate from Kindergarten through 12th grade. The curriculum mitigates risk factors and builds protective factors. It builds social and emotional learning skills, including goal setting, responsible decision-making, identifying and managing emotions, and effective communication.

Other Discussion:

- Vaping – the committee discussed providing presentations or training for parents and students to help educate them on the effects of vaping.

Meeting dates:

Next meeting –Fall of 2022

Adjourn

Kristen LaBaume motioned to adjourn the meeting, and Shana Fuller seconded.
Meeting adjourned at 5:22 p.m.
