Leadership Academy has us buzzing with pride!

Team building and leadership at its best! Principals and administration staff came together for our Leadership Academy! We are incredibly thankful to our entire team here at Flour Bluff ISD!

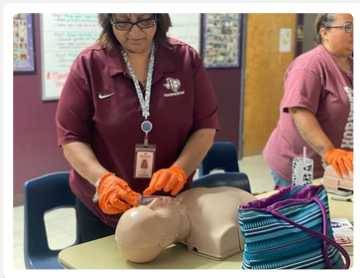

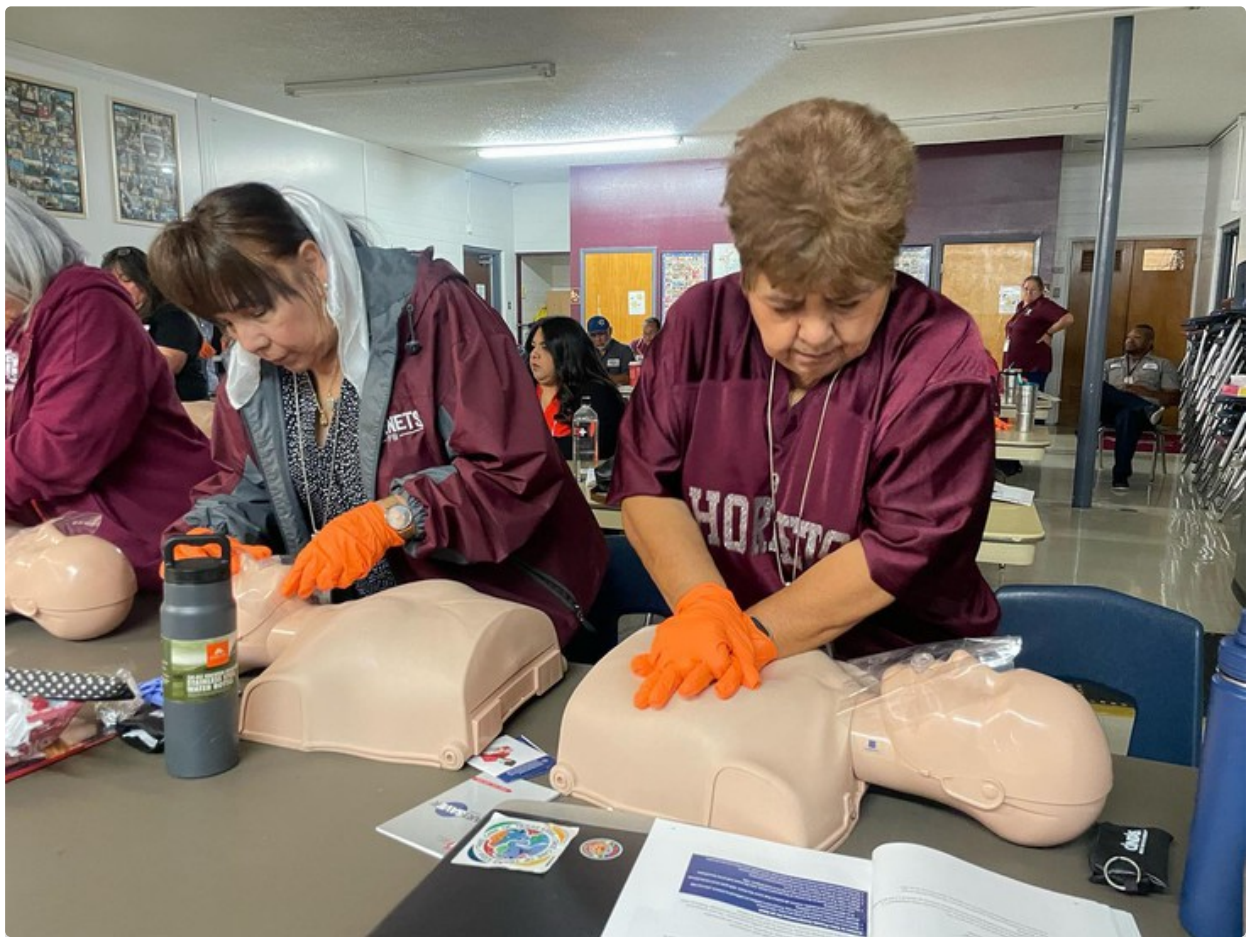

"Ultimately, leadership is not about glorious crowning acts. It's about keeping your team focused on a goal and motivated to do their best to achieve it, especially when the stakes are high and the consequences really matter. It is about laying the groundwork for others' success, and then standing back and letting them shine."

-Chris Hadfield

Way to go Transportation Department!

Our transportation department met with Cintas for CPR and AED training! These important skills will help our staff be able to help children in the event of an emergency if needed. We want to thank Cintas for coming out today and our incredible transportation department for continuing to keep our Hornets safe!

Knowledge is power! Professional Development Day was a great success!

All our campuses are opened their doors to welcome our staff for Professional Development Day to learn about everything from IT questions and concerns, students' safety and well-being, and resources available to our staff! The great thing about our PD Day is that every session has our very own staff teaching the course! This allowed our staff to ask questions, have one on one help, and have some fun with our peers!

We want to thank our entire staff for joining us for PD day and the hard-working staff that made this day happen!
