Demographics

Demographics Data Sources

Attendance data
Community Demographics

Demographics Strengths

Flour Bluff Primary has a diverse population of students including a variety of backgrounds and cultures. We have students from most ethnic populations, as well as military families and transfer students.

Demographics Weaknesses

Our current weakness is lower enrollment for this year (1st grade had a smaller group coming up) and low attendance rate.

Demographics Needs

We want to increase our enrollment through transfer students and in-district student that may have selected home, charter or private options previously.

We are working to create more opportunities to highlight and reward student attendance.

Demographics Summary

Our current attendance is 95% at the Primary.
We currently have 102 Military Connected students
We have 706 students enrolled. There are 331 in first grade and 375 in second grade.
We currently have 118 transfer students from outside our immediate community.
We have 15 first grade classrooms and 18 second grade classrooms.
We have 4 self-contained special education classrooms for students with significant disabilities.

Comprehensive Needs Assessment

Demographics Summary (Continued)

We have a total of 87 staff members including teachers, paraprofessionals and support staff.

We are a Title One campus.

We have students from most ethnic groups represented at the Primary, with the highest representation from Hispanic and White populations.

Align curriculum across classrooms with high quality materials and resources

Introduction of IXL program for Math

English Language Arts

Implement Book Study Professional Learning Groups on two areas:

7 Mighty Moves: Research-backed, Classroom Tested Strategies to Ensure K-to-3 Reading Success

The Writing Revolution

Peer/Classroom Observations

Professional Learning Communities will meet weekly with a focused agenda on curriculum and grade level data.

Data meetings will be held every 4 weeks with administrators.

Frequent classroom observation and coaching.

Common Assessments for RLA and Math every 9 weeks for 2nd Grade.

Comprehensive Needs Assessment

School Culture and Climate

School Culture and Climate Strengths

The Primary is a positive place to work and we strive to make staff feel appreciated. There is excellent collaboration with the Elementary and ECC administration. Being that we share facilities with the Elementary, we do a lot of events together.

School Culture and Climate Weaknesses

Teachers are feeling fatigued with the increasing number of student who need academic and/or social emotional support.

School Culture and Climate Needs

Teachers need time to prepare and plan for students' instruction as well as time to implement the intervention.

School Culture and Climate Summary

Overall, the staff is working hard to make the school and learning environment inviting and welcoming for our students. Students seem to respond well to the staff, instruction and overall happiness at school is evident. We still have a lot of work to do to prepare our students while still guarding their youth and well-being. It's a difficult balance especially with the pressure of feeling behind. Understanding, collaboration and open dialogue have been the most effective strategies for dealing with the areas of need and weakness.

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention Strengths

All staff at the Primary campus are highly qualified for their position.

This year we are piloting the Islander Resident Teacher Program. We have five residents that will be working with our teachers all year long. This program is exciting in that we will be training our own future teachers.

Comprehensive Needs Assessment

Staff Quality, Recruitment and Retention Weaknesses

We have some staff that need support due to newness to their positions.

Staff Quality, Recruitment and Retention Needs

We need to create opportunities for new staff, especially new to the teaching profession, to grow professionally. We are working on a stronger alignment between campuses and grade levels.

Staff Quality, Recruitment and Retention Summary

We are fully staffed!

Curriculum, Instruction and Assessment

Curriculum, Instruction and Assessment Strengths

Teachers wrote curriculum under the guidance of the curriculum supervisors. In addition, the documents created were housed in a shared Google Drive so all teachers could access them. Specifically, the curriculum writers developed pacing guides, scope and sequences, year-at a glance documents and assessments. TEKS Resource was added this year as a resource for teachers as well.

In addition, Curriculum Resources and Textbooks are aligned with grade level TEKS and a list is accessible on the FBISD Curriculum website. Specifically, Really Great Reading resources in grades K-3rd strengthen the foundational phonemic skills early learners need to be successful readers and writers.

We have received a grant for IXL math online. This program integrates our textbook and allows for practice at home also.

The Texas Reading Academies professional development for teachers, administrators and district level staff in Kindergarten through grade 3 enhances teacher effectiveness and student achievement.

Curriculum, Instruction and Assessment Weaknesses

Comprehensive Needs Assessment

Curriculum, Instruction and Assessment Weaknesses (Continued)

This year we have a new Science curriculum and it is more rigorous. Teachers need help learning the program and with implementation.

Curriculum, Instruction and Assessment Needs

Teachers need time to assess and evaluate their assessments, so they can best plan for their students.

Data meeting will be more frequent. Additionally, we have made our assessments more consistent between the grade levels.

Curriculum, Instruction and Assessment Summary

Teachers have a well-written curriculum but are sometimes struggling with implementation. While it's improved since last year, there are still students scoring below or well below grade level in math and reading.

Family and Community Involvement

Family and Community Involvement Strengths

Parents have many avenues to communicate and be a part of the activities that best support their children. They receive a weekly newsletter from the principal and regular communication from their child's teacher/s. We establish committees, send surveys and invite parents in as we are able to. Additionally, the campus has established a PTO Board where parents and communities can become more involved. We have a wonderful and supportive community!

Family and Community Involvement Weaknesses

Due to increased health and safety protocols, parents are not allowed on campus as much as in the past. We are working on more opportunities for parents to come on campus with proper background checks or ID checks for programs such as WatchDOGS.

Family and Community Involvement Needs

Comprehensive Needs Assessment

Past parent surveys indicated a need to improve the feeling of "welcomeness" in the front office and more communication between home and school.

Add additional opportunities for parents to come to campus during the school day.

Family and Community Involvement Summary

The Flour Bluff Primary team works diligently with our parents and community. We understand and value the importance of working together in the best interest of our students.

School Context and Organization

School Context and Organization Strengths

Students have a full day of social, emotional and academic growth and learning, including a 30 minute unstructured recess, structured PE, electives (which includes library instruction, classroom guidance, science lab, and music) and classroom meeting time.

We have two interventionists in reading to help our students who need additional reading instruction. We also have a dyslexia teacher that works with our students with dyslexia.

School Context and Organization Weaknesses

We would like to have smaller class size and additional part time tutors to meet the needs of intervention with small groups.

Additionally, we would like to expand electives to include art.

School Context and Organization Needs

We need additional support for classrooms that have high numbers of students that are behind.

School Context and Organization Summary

Comprehensive Needs Assessment

We have a full day of learning and growing at the Primary campus. While this is the case, there still never seems to be enough time in the day to get to everything. Teachers sometimes struggle to fill the gaps of students who struggle with basic reading and math skills.

Technology

Technology Strengths

All classrooms have some sort of technology to help students with instructional engagement and aid the teacher in instruction. Most instructional classrooms have a new Smart TV for instruction.

We have added a charging station in most classrooms to keep technology in the classroom.

Technology Weaknesses

A large portion of our classroom technology is aging and costly to repair or replace.

Technology Needs

We would like more iPads and Chromebooks in the classroom to make complete class sets.

Technology Summary

45 laptops/8 office and staff
10 printers and scanners
42 G2 displays
1 Samsung displays
381 ipads that are upgradable

2024-2025 SBDM Meeting – Flour Bluff Primary

Date: September 4, 2024

Location: Library or zoom

Welcome and Introductions:

Business Representatives: Jessica Davis & Dora Carden

Community Members: Sandy Powell & Amanda Barmore

Parents: Noranda Duran & Amanda Jaime

District Representative: Dr. Linda Barganski

Paraprofessional: Caryn DeJong

Teachers: Shawnee Estevanes, Christine Goldsmith, Claudia Lizcano, Marisa Radley, Cindy Ames, Laura Chavez

Technology: Mario Salinas

Purpose of Campus SBDM:

In compliance with law, each campus shall establish a site-based decision-making committee to ensure that effective planning and decision-making occur to direct and support the improvement of student performance for all students. The committee shall assist the principal, as the Board's designee, in establishing and reviewing the goals, performance objectives, and major classroom instructional programs of each campus. Each committee shall assist with the development, evaluation, and revision of the respective campus improvement plan and shall approve campus staff development needs identified in the campus improvement plan [see BQ and DMA].

Review of needs assessment areas of CIP

Mrs. Gutierrez reviewed the needs assessment with the committee.

Review of Campus Improvement Plan Goals and Objectives

Mrs. Gutierrez reviewed the four goals and strategies that went with them. These goals will be reviewed throughout the year.

Review of Parent Engagement Plan

Mrs. Gutierrez showed the committee the Parent Engagement Plan that is used and distributed to parents at the beginning of the year.

Future Meeting Dates

2024-2025 SBDM Meeting – Flour Bluff Primary

Date: November 6, 2024

Location: Library

Welcome and Introductions:

Business Representatives: Jessica Davis & Dora Carden

Special Guests: Report Card Committee

Discussion of Possible Report Card Changes or 25-26 School Year – The Primary campus Report Card committee reviewed the reasons why the campus would like to switch from a standards based report card to numerical averages. The committee reviewed survey data from both the parents and teachers. The SBDM committee voted 11-0 in favor of changing the Primary report card to numerical averages.

Attendance Ideas - the committee discussed our campus goal of increasing attendance to 96%. We discussed the various incentives and how they were working. Some ideas the committee came up with were: additional parent education, posting attendance information on our Facebook page. Some rewards that were discussed were: secret reward days, gifts for parents and families. Our business partners of Chickfila and RBFCU were willing to help with incentives. Also the committee recommended revisiting the calendar and getting rid of half days.

Review of Campus Improvement Plan Goals and Objectives – The committee broke into various groups to review the CIP goals and discuss the progress that has been made to meeting those goals. The discussion was documented in our CIP.

Flour Bluff Primary Recess Plan

Recess is important for a child's development because it helps them develop socially, emotionally, physically, and cognitively. Flour Bluff Primary commits that all first and second grade students will have 30 minutes of unstructured recess time daily. Official times are written into our master schedule (see attached). During times of inclement weather (extreme heat, cold or rain), students will have indoor recess in the classroom, allowing 30 minutes for unstructured play and socialization.
