February 2026 Edition

FBISD
CTE

1 CTE Advisory Committee Meeting Dates

Date: April 22, 2026

Time: 4:30 pm – 5:30 pm

Location: FBISD Administration Building

Emily Johnson

Emily Johnson, an 11th-grade student in the Health Science program, is a driven and focused learner with a clear vision for her future. She is currently earning her EKG and Phlebotomy certifications, building a strong foundation in the medical field while developing hands-on clinical skills.

After graduation, Emily plans to pursue a Bachelor of Science in Animal Science at Texas A&M University–Kingsville, with the ultimate goal of attending veterinary school at Texas A&M University in College Station. Her dedication, preparation, and passion for animal health make her a standout representative of CTE excellence.

2 Programs of Study

- Law Enforcement
- Programming & Software Development

3 PTECH Advisory Committee Meeting Dates

Date: April 29, 2026

Time: 4:30 pm – 5:30 pm

Location: FBISD Administration Building

Theo Cechnicki

Theo J. Cechnicki, an 8th-grade student in the Health Science program, is already demonstrating a strong passion for the medical field. He approaches his coursework with curiosity and focus, showing a genuine interest in learning the foundations of health science at an early stage in his academic journey.

Theo has set his sights on becoming a veterinarian, a goal that reflects both his compassion for animals and his dedication to helping others. His enthusiasm and commitment to his studies make him a promising future leader in the field of veterinary medicine.

1st Annual CTE Market Day

We're excited to announce our 1st Annual CTE Market Day!

 March 25, 2026

 5:00 PM – 8:00 PM

 Parking Lot in Front of Central Office

Come out and support our CTE programs and school organizations as they showcase student projects, sell items, and host games. Tickets will be sold at the event, and all school groups will collect tickets for purchases and activities.

We're also inviting outside vendors to participate! Booth spaces are available for \$50 per stall. Interested vendors can scan the QR code to register.

We hope to fill the lot and make this a fun, community-wide event you won't want to miss!

5 Tango Flight Ready to Soar!

We are proud to celebrate the successful completion of our inaugural Hornet Aviation build, a fully constructed two-seat aircraft by our very own students! A remarkable achievement built through discipline, teamwork, and a true hands-on experience. Watching this project move from blueprint to runway ready reality was a defining moment for our program & our students. We welcomed our partners from Corpus Christi Army Depot (CCAD), Naval Air Station Corpus Christi (NAS), Tango Flight, and Splendid Aviation, along with members of Congress, the Texas Senate, and the Texas Workforce. Your presence and continued support of Career & Technical Education reinforces the importance of preparing students for high-demand, high-skill careers right here in the Coastal Bend.

These partnerships are helping us build a workforce pipeline that empowers students to graduate college, career, or military ready.
